Enrollment

You may enroll your pet for pet insurance at any time by accessing VPI's enrollment website, http://www.petinsurance.com/affiliates/mmc_pr, or by calling (800) 225-2265. The link to VPI's enrollment website can also be found on MMC PeopleLink. (Once you log on to MMC PeopleLink, look for the Work/Life Balance section on the bottom left side of the screen and click on the "Enroll in Pet Insurance" link.) Evidence of insurability may be required for each pet (cat, dog, bird and/or exotic pet).

Can I cancel my coverage and get my money back after enrolling?

VPI provides a 10-day money back guarantee from the time you enroll. To cancel coverage you will need to call VPI (800) 225-2265 and speak to a representative.

Evidence of Insurability

Your pet may be subject to evidence of insurability based on certain characteristics, such as age and breed. During the enrollment process you will be required to provide certain information about your pet. Based on your responses, you may have to provide evidence of insurability for your pet, including additional information about your pet's medical history. VPI will notify you if evidence of insurability is required. If your pet has a pre-existing condition or is 10 years of age or older, VPI will request a copy of your pet's handwritten medical history (including lab reports) for the last year. VPI veterinarians will review the medical history and determine if your pet is eligible for coverage or whether any exclusions need to be applied to the policy.

You must enroll each pet individually, and each pet may be subject to its own evidence of insurability.

If evidence of insurability is required, coverage starts after your pet's evidence of insurability application has been approved by VPI for pet insurance. If your pet is approved for coverage between the 1st and 15th of the month then the coverage effective date is the 1st of the next month. If your pet is approved for coverage between the 16th and the 31st of the month then the coverage effective date is the 1st of the second month following approval.

Cost of Coverage

The cost of the Superior Option for Cats and Dogs, the Standard Option for Cats and Dogs, the Cancer Rider for Cats and Dogs, the Avian Option for Birds, and the Exotic Pet Option depends on specific factors associated with your pet, such as age or breed. For a quote on the cost of coverage for your pet refer to VPI's Website, http://www.petinsurance.com/affiliates/mmc_pr, elect the Quick Quote link and follow the steps. You pay the full cost of coverage. The cost of the Vaccination and Routine Care Rider for Cats and Dogs, and the Supplemental and Routine Care Rider for Birds is \$99 per policy term.

The Program offers the following discounts on the cost of coverage for the base options (it does not apply to the Lost/Found Registration, described below, or other optional coverage):

- 5% for 1 pet
- 10% for 2 to 3 pets
- 15% for 4 or more pets

Discounts will be applied at time of enrollment.

What is the Lost & Found Registry Registration fee?

The one-time mandatory \$12 Lost & Found Registry registration fee (\$6.00 at renewal) is required when you enroll your cat or dog. You will receive a durable pet ID tag for your cat or dog that displays the pet's policy number and the VPI Registry's toll-free number. If your pet becomes lost, the finder can contact the Registry to help find your pet. Plus, it shows that your pet is VPI-insured, so the finder can confidently seek veterinary help if your pet is sick or injured.

How do I pay for coverage?

You pay for coverage through after-tax payroll deductions.

How do I pay for coverage if I take an unpaid leave of absence?

Coverage will remain in effect, provided you continue to make the required contributions. Eligible employees may continue to make the required group rate contributions through the end of your policy period, directly to VPI through direct billing

How do I pay for coverage if I take a paid leave of absence?

Coverage will remain in effect. Your cost for coverage will continue to be withheld from your pay.

Will my costs change?

Taxes

Do I pay for my coverage with before-tax or after-tax dollars?

When Coverage Starts

Coverage starts after your pet's evidence of insurability application has been approved by VPI for pet insurance. If your pet is approved for coverage between the 1st and 15th of the month then the coverage effective date is the 1st of the next month. If your pet is approved for coverage between the 16th and the 31st of the month then the coverage effective date is the 1st of the second month following approval.

For example, if your pet is approved for coverage on February 3rd, the coverage effective date would be March 1st. If your pet is approved for coverage on February 18th, the coverage effective date would be April 1st.

Policy Term

A policy term is defined as one year of coverage (that is, 12 months from the date coverage becomes effective).

Do I have to re-enroll each year?

No, generally you do not need to re-enroll each year, but each year the determination will be made and communicated whether re-enrollment will be required for the upcoming year.

Each pet may be subject to its own evidence of insurability.

Portability

If your employment terminates, you can continue coverage on a group basis through the end of your policy term, provided you continue to make the required contributions to VPI through direct billing. When your policy term ends, you have the option to convert to an individual policy.
